"It's important to me to deal with a person—not just a corporation. Pharma Logistics understands me and my unique business needs. It's why I've stayed with them so long."

With the Pharma Logistics Repackaged Controlled Substance Credit Program (RCSCP), you get the safest, most compliant way to return repackaged controlled substances. **Best of all, signup is quick and easy, and we'll manage the entire process for you!**

To learn more, call **888.729.7427** or email sales@pharmalogistics.com today!

Why Pharma Logistics?

Pharma Logistics is dedicated to our role as an industry leader, supplying customers with innovative ways to help clear their shelves and be good stewards of the environment. We offer the simplest and smartest way for you to clear your pharmacy of those tricky repackaged controlled substances.

- ✓ **Our patented system, Precision Processing™**, provides a level of detail, accuracy and compliance that can't be matched by our competition.
- ✓ **RCSCP Program** will pay you for your repackage controlled substances.
- ✓ **24/7 online access** to waste and credit results.

Pharma Logistics is committed to keeping you fully compliant.

Although generating timely and accurate credits for your pharmacy is always our primary focus, it is never achieved at the expense of regulatory compliance.

- The industry's first Verified-Accredited Wholesale Distributor
