

Rapid Credit Program

Welcome to Pharma Logistics! We are excited to have you enrolled in our Rapid Credit Program. As a previous customer using the Stericycle Fast Pay service, you might have some questions about what to expect. While the programs have some similarities, we think you'll come to see that with the Pharma Logistics' Rapid Credit Program you'll get more. More Accurate Credits. More Visibility. More Dedicated Service. More Value to Your Bottom Line.

Stericycle's Fast Pay Program	Pharma Logistics' Rapid Credit Program
<p>Stericycle paid out based on Estimated Cash Value (ECV).</p>	<p>More Accurate Credits</p> <p>Our twice-patented Precision Processing™ delivers line-item reconciliation and dynamic pricing, translating to highly accurate Expected Return Value (ERV). You get more accurate credit and more recurring revenue.</p>
<p>Under the Fast Pay service, credits were paid out in 12 business days.</p>	<p>Faster Cash</p> <p>The Pharma Logistics' Rapid Credit Program returns cash to your pharmacy in 14 calendar days. That's 14% faster than with Stericycle.</p>
<p>Stericycle provided online reports which covered top level information, such as an Account History Report and a Returnable Pharmaceuticals Report.</p>	<p>More Visibility</p> <p>With our Online Client Portal, you can track your returns and credits in real-time. You have 24/7 access to information such as:</p> <ul style="list-style-type: none"> ➤ Expected Return Value (ERV) ➤ Rapid credit payments ➤ Open jobs ➤ Line item reporting ➤ Data exports to support compliance and financial reporting
<p>With Stericycle, you had a Field Waste Tech Onsite for your Onsite Services.</p>	<p>More Dedicated Service</p> <p>At Pharma Logistics you have a dedicated Customer Advocate and dedicated Onsite Service Technician. In fact, if you are a current customer in Puerto Rico, your Onsite Service Technician will remain the same.</p>
<p>While Stericycle had a reverse distribution division of their company, it was not the only focus of their business.</p>	<p>More Expertise</p> <p>We have 23 years of experience focused solely on reverse distribution.</p>
