

# Hospital Services

Improve compliance and  
boost return credit ROI

At Pharma Logistics, we specialize in pharmaceutical reverse distribution, handling the return credit process for hospital pharmacies and other healthcare providers across the nation. Whether you need a convenient way to ship your expired products for credits, are looking to get credits more quickly or would like more visibility into the status of your returned products, we have a service to ensure your compliance and improve your profitability.

## Box & Ship Benefits for Hospitals

- › Ship pharmaceutical returns on your own schedule
- › Save time using the provided prepaid shipping labels and tamper-proof bags
- › DEA Form 222 provided
- › Stay compliant with all local, state and federal laws
- › Collect payment for pharmaceutical returns
- › Online Client Portal for 24/7 data access

## Onsite Benefits for Hospitals

- › Save time and labor—we handle the entire process
- › Local, bonded Field Service Representatives with more than 100 hours of training come on site to handle returns
- › Same-day DEA Form 222 completion
- › In-person account summaries
- › Online Client Portal for 24/7 data access
- › Stay compliant with all local, state and federal laws
- › National service coverage
- › Controlled substance returns

## Rapid Credit Benefits for Hospitals

- › Receive reimbursement within 14 days from the day your product arrives at our facility
- › Boost cashflow and generate reoccurring revenue
- › Upfront payment eliminates time spent on reconciliation
- › The risk of a decrease in product return value, due to changes in manufacturer policies, is transferred from your pharmacy to Pharma Logistics
- › Accurate, predictive calculations of ERV mean higher prefunded payments
- › Use our Rapid Credit Program with both our Onsite and Box and Ship services
- › Online Client Portal for 24/7 data access

Our Field Service Representatives Save You Work and Time

## Full Pharmacy Compliance Solution

Managing reverse distribution can be a demanding process. Some pharmacies choose to handle this work themselves, taking a significant amount of resources and time.

Pharmacy Actions

Pharma Logistics' Onsite Service saves you a significant amount of resources and time. From packaging to disbursement, your entire expired drug return process is completely handled—with clear and easy tracking every step of the way.

## How to Get Started with Pharma Logistics

Whether you're currently working with a pharmaceutical reverse distribution company or doing all the work yourself, getting started with Pharma Logistics is easy. Just call us at 888-729-7427 and we'll make sure you get all the information you need to make the best decision for your hospital.

## Enterprise-Level Reporting

Dynamic and customizable enterprise-wide data reporting provides the most complete data available for the pharmaceutical returns process. Available through the customer portal, it helps drive process improvements through efficient and effective data presentation to help you build business intelligence and make better decisions.

## Drug Take-Back Program

Our Drug Take-Back Program ensures your customers have a convenient way to properly dispose of over-the-counter medications, prescription drugs and controlled prescription drugs. This helps protect your community from prescription drug abuse and accidental poisoning; it also reduces the dangers of pharmaceutical waste through environmentally safe disposal.
